LETTER FROM THE PRESIDENT

April 1st, 2006

The rodeo committee would like to welcome all the participants to our 17th annual training seminar and exciting competition.

As all of us know, this last year has been a tough one with several named hurricanes causing damage throughout the southeast. We hope everyone made it through OK.

We welcome our new Platinum sponsor, Eddie Accardi Automotive Dealerships. A special thanks to Bob Harpest for his dedication to our event. We look forward to a long lasting relationship with Eddie Accardi Automotive Dealerships.

This year's competition is being held back at the Coral Square Mall. The committee thanks the staff of the mall for their support for our event.

Once again, a special thank-you goes out to Ft. Lauderdale Harley Davidson and Harley Davidson Motor Company for this year's 2006 883 raffle bike. Thanks to Barry and Kim for the continued support. Their support over the years has been outstanding. Also, the committee would like to thank Jon Syverson who retired from Harley Davidson. Jon continues to support our competition with his new company, SetCom.

A special thanks to the Wings of Gold Motorcycle club for their hard work and continued support of this event. The judges, who are volunteers, put in a long hard day, and as President, I would like to thank each and every one for their time. This event only works with people like Bob and Dave Amchir and all of our volunteers.

Our head Judge, Steve Bull, along with his wife, Terry travel down to our event every year to handle the registration and judging. There are no words to describe their dedication and hard work. If you see them working, say thanks. The committee would like to thank both of them for the time and effort.

As President, this year seemed to be a difficult time putting this event together. I would like to thank my committee board, Colleen, Wayne and Stan. Their time and effort needs to be recognized. They all put in a lot of time, along with their full time jobs and families. A special thank-you to Colleen Hanstein who retired from the Fort Lauderdale police department this year.

To all those who helped sell raffle tickets, and sell ads, the committee thanks you for your effort. We have to remember, our event is for the COPS kids and MDA.

Once again, thank-you for supporting our event and making The Southeast Police Motorcycle Rodeo the largest premier Police motorcycle event in the Southeast.

Northwestern University Traffic Institute & Harley-Davidson Motor Company® presents a

MOTORCYCLE NATIONAL ACADEMY

Many people assume that an officer is qualified for police motorcycle duty simply on the strength of prior experience operating civilian motorcycles. Not so! The high load factor of police motorcycles, along with the unusual distribution of the load, results in unique handling problems. This, plus the high speeds and/or maneuverability required of police motorcycles, creates the need for higher-level skills than civilian riders are equipped to master without specialized training.

POLICE MOTORCYCLE INSTRUCTOR TRAINING & CERTIFICATION

This 120 hour course will not only cover methods of instruction, but also provide real-life experience in teaching proper police motorcycle operation. We have overlapped our Police Motorcycle Instructor training with our Operator Training to give further instructors actual police motorcycle student operators to work with.

Upon successfully completing Police Motorcycle Instructor Training, the new instructors should be able to teach proper police motorcycle patrol procedures to other members of their organization. The course will cover: • Principles of Learning • Methods of Instruction • Preparing a Lesson Plan • Site Selection • Course Layout • Practice Teaching (Field Exercise) • On-Street Riding Techniques • Law Enforcement Techniques.

Please note: As a prerequisite, Instructor candidates must have previously been trained as a Police Motorcycle Operator, either in our basic school or an equivalent school.

POLICE MOTORCYCLE OPERATOR TRAINING & CERTIFICATION

This intensive 80 hour program will develop the coordination, skill and confidence necessary for the student to operate a police motorcycle safely and efficiently. It will cover: • Machine Nomenclature, • Slow Maneuvering, • Control, • Braking, • Curve Negotiation, • Motorcycle Maintenance, • Defensive Driving Techniques, • Law Enforcement Techniques, • On-The-Street Riding.

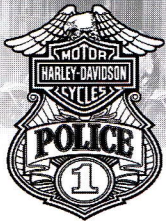

Through this program, the student rider will be evaluated continually. Upon successful completion of the course, students will have demonstrated their ability to use all the defensive riding techniques and manual skills they have learned in actual street riding situations, and will be fully prepared for on-the-job training in their agency.

WE CAN BRING TRAINING TO YOUR AGENCY

The motorcycle course can be presented at your location. Motorcycles will be provided by Harley-Davidson at no extra cost. Instruction will be provided by Traffic Institute staff. Our instructors and fleet of police motorcycles are ready to serve you.

If your agency would like to act as host, or you would like more information, please contact:

The Traffic Institute - 1 (800) 323-4011, or
The Chief Instructor, Police Motorcycle Training at: (414) 343-8234
Prior to enrollment each student will be required to sign a release of liability for
Northwestern University and Harley-Davidson Motor Company.

A LEGACY OF QUALITY

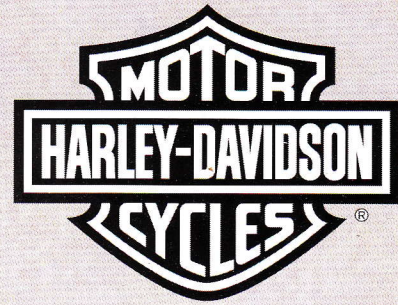

What is it about a cop on a Harley® that is undeniably right? It's probably the fact that motor officers have been relying on the power, performance, and quality of Harley-Davidson® police motorcycles for nearly a century. So it should come as no surprise that today more than 3,200 U.S. law enforcement agencies – along with agencies in 45 countries around the world – ride Harley-Davidson police motorcycles. We continue to set the pace today with leading innovations such

as optional anti-lock brakes and the strongest training and support services in the business.

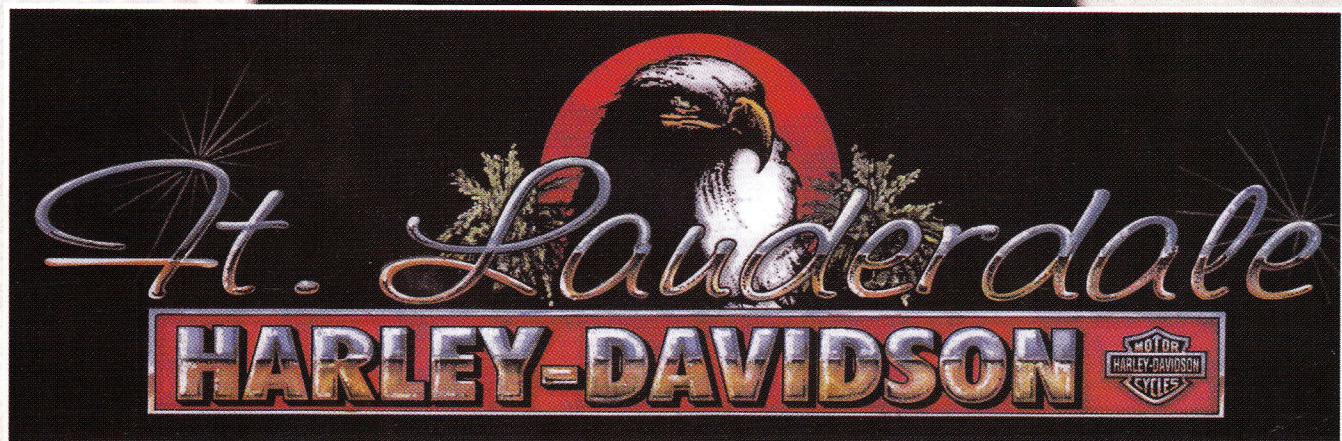

Harley-Davidson ... our name says it all. To find out more, contact your authorized Harley-Davidson dealer.
